Chalgrove

the place to be®

millerhomes

A new home. The start of a whole new chapter for you and your family. And for us, the part of our job where bricks and mortar becomes a place filled with activity and dreams and fun and love. We put a huge amount of care into the houses we build, but the story's not finished until we match them up with the right people. So, once you've chosen a Miller home, we'll do everything we can to make the rest of the process easy, even enjoyable. From the moment you make your decision until you've settled happily in, we'll be there to help.

Development Summary
Please note, this brochure is purely a summary introductory guide to the Chalgrove Meadow development. Further in-depth information is available on our website. In addition, the QR codes shown throughout will take you straight to the appropriate information online.

Download our free QR reader
Throughout our showhomes, or in some of our brochures, you'll see QR codes. The codes on stickers beside appliances in the showhome link to informative 'how to' videos about that particular feature. The codes in the brochures take you to visualisations of a specific home, or of the whole development. So just download the free reader via the Miller Homes website, the App Store or Google Play, and you'll have expert advice and information at your fingertips.

It's another of the little ways we try to help.

Why Miller Homes?

We've been building homes since 1934, that's three generations of experience. We've learned a lot about people and that's made a big difference to what we do and how we do it.

We're enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don't stop caring once we've finished the building, or when we've sold the house, or even once you've moved in. We're there when you need us, until you're settled, satisfied and inviting your friends round.
